

A Little Bit of Info For You!

Zenith Netball is a netball coaching company created by 2017 UTS St George Sparks Squad Captain and 2018 new recruit Adelaide Thunderbirds Player, Kaitlyn Bryce.

Kaitlyn is holding a September School Holiday Clinic to help you to play your best netball! This netball clinic will focus on improving all our basic but important netball skills - such as ball skills, footwork and agility, spacial awareness, decision making, attack and defence and even shooting! Participants will then have the amazing opportunity to then finish the clinic with some match play and put all those practised skills into a real netball game. This clinic uses real inspired netball drills, done by even myself throughout my netball career and will ensure your netball skills are in tip top shape.

So don't miss out on this great opportunity! :)
